

PJ Johnson, RN, MSN, FACHE

Enterprise VP - Southeast

First we create change in the mindset of executives and employees and let them drive the transformation

PJ brings 30+ years of healthcare experience including clinical, operational and executive positions. Her work experience spans across academic, community, faith-based and for profit hospital settings. Most recently she provided private consulting services to a variety of businesses in and outside of the healthcare arena. While employed within the hospital setting, PJ provided executive oversight to numerous transformation initiatives including those focused on improving hospital throughput, operational efficiencies and productivity and revenue enhancement.

PJ is a proven healthcare executive with a track record of innovation and effective change processes. Her background provides true insight to the "C Suite" challenges which allows her to provide a relevant perspective. PJ joined StatCom in late 2009 and is the Enterprise VP for the Southeast region. In this role, she provides introductory knowledge and insight to identified clients and serves as the industry expert consultant throughout the StatCom engagement/transformation process.

PJ graduated with honors from the Medical College of Georgia with a Bachelor of Science in Nursing and received her Master's in Nursing Administration as a Magna Cum laude graduate from the Medical University of South Carolina. She is a FACHE with the American College of Health Care Executives and the Chair for the Lowcountry LPC of the SC ACHE Chapter. PJ serves on a variety of nonprofit community service boards as well as her local YMCA and Chamber of Commerce Board of Directors. She is a guest healthcare columnist in her local paper and a guest faculty member and Academic Advisory Council member for the MHA program at MUSC. In addition she serves as an Honorary Commander for the Charleston Air Force Base. She is a member of Rotary International, Institute of Management Consultants-USA, and the American Association of Legal Nurse Consultants.

“Healthcare is at a crossroads and the time to be bold is now. Hospitals who continue to seek ‘zero defects’ and pursue service excellence are best positioned for the next (r)evolution in healthcare. StatCom is poised to be your partner in sustained transformation with our custom-configured Hospital Operating System.”

About StatCom – Through process re-engineering and enabling software, StatCom’s Hospital Operating System™ helps hospitals transform their operations to deliver efficient patient throughput, reduced ALOS, and improved physician, patient and staff satisfaction. StatCom is a subsidiary of Jackson Healthcare® (www.jacksonhealthcare.com), a group of companies focused on providing the healthcare industry with innovative people resources and IT solutions.
